

20th IFIP World Computer Congress

Milano, Italy 7-10 September 2008

TC13 Conference on

Human Computer Interaction – HCIS

Programme

Monday, September 8 th 2008	
9:00 – 10:30	Task models and interaction Chair: Fabio Paterno' Identification Criteria in Task Modeling <i>Josefina Guerrero, Jean Vanderdonckt, Christophe Lemaigre</i> HCI-Task Models and Smart Environments <i>Maik Wurdel, Stephan Propp, Peter Forbrig</i> Themes in Human Work Interaction Design <i>Rikke Orngreen, Torkil Clemmensen, Annelise Mark-Pejtersen</i> Evaluating User Experience Evoked By Ubiquitous Applications <i>Minna Isomursu</i>
10:30–11:00	Coffee Break
11.00	Keynote Speaker Interacting with Visual Interfaces on Mobile Devices <i>Luca Chittaro, Italy</i>
13:30-14:30	Lunch
14:30–16:00	Elicitation and Evaluation Chair: Annelise Mark-Pejtersen Interface Model Elicitation from Textual Scenarios <i>Christophe Lemaigre, Josefina Guerrero, Jean Vanderdonckt</i> Virtual Fixtures for Secondary Tasks <i>Gianvito Lefemine, Guido Pedrini, Cristian Secchi, Francesco Tesauri, Stefano Marzani</i> How 'learnable' are CASE tools in diverse user communities? <i>Brenda Scholtz, Janet Wesson</i> A Prospect of Websites Evaluation Tools Based on Event Logs <i>Vagner Figuerêdo de Santana, M. Cecilia C. Baranauskas</i>

AICA

Associazione Italiana per l'Informatica
ed il Calcolo Automatico

16:00–16:30	Coffee Break
16:30–18:30	<p>Studies and Experiments Chair: Peter Forbrig</p> <p>Habbo Hotel – Academic Studies in Mixed Feelings <i>Raija Halonen, , Eeva Leinonen</i></p> <p>Improving Accessibility to Governmental Forms <i>Norbert Kuhn, Stefan Richter, Michael Schmidt, Andreas Truar</i></p> <p>Communicability in multicultural contexts: A study with the International Children’s Digital Library <i>Clarisse de Souza, Robin Laffon, Carla Leitão</i></p> <p>Facing the digital divide in a participatory way – an exploratory study <i>Elaine C. S. Hayashi, M. Cecília C. Baranauskas</i></p> <p>User Interface Input by Device Movement <i>Ryosuke Kokaji, Takako Nonaka, Tomohiro Hase</i></p>
Tuesday, September 9th 2008	
09:00–10:30	<p>Models, Learning and Solicitation Chair: Ute Klotz</p> <p>A Meta-Design Model to Augment Usability of Association Rule Mining Systems <i>Elisa Albergaria, Fernando Mourão, Raquel Prates, Wagner Meira Jr.</i></p> <p>Investigating Entertainment and Learning in a Multi-User 3D Virtual Environment <i>Nicoletta Di Blas, Caterina Poggi</i></p> <p>Openphone User Engagement and Requirements Solicitation in Low Literacy Users – Short Paper <i>Tembalethu Ndwe, Etienne Barnard, Mqhele Dlodlo, Daniel Mashao</i></p> <p>Complex and dynamic data representation by sonification in small screens <i>Maher chemseddine, Monique Noirhomme</i></p>
10:30–11:00	Coffee Break
11:00–12:00	<p>Collaboration and Visualization Chair: Monique Noirhomme</p> <p>Participatory Assessment of Clinical Activity and Collaborative Knowledge Building in the Design Process of the Dementia Management Support System DMSS <i>Helena Lindgren</i></p> <p>Multitouch Sensing for Collaborative Interactive Walls <i>Alessandro Soro, Gavino Paddeu, Mirko Luca Lobina</i></p> <p>Visualization of Personalized Faceted Browser Interfaces <i>Michal Tvarozek, Maria Bielikova</i></p> <p>Summary and Outlook <i>Peter Forbrig, Fabio Paternò, Annelise Mark Pejtersen</i></p>
