

World Computer Congress – Programme for IP3 day 22 September 2010

The International Professional Practice Partnership IP3 – will be holding a one day conference at WCC (Brisbane Convention & Exhibition Centre).

We invite you to join us for an informative day on what professionalism means to you in developing your career, what Industry wants, and how IP3 is responding to the challenge.

The Panel discussion will connect senior ICT luminaries from around the world to give their views on professional certification. This is sure to be a lively interaction, and the audience will have the opportunity to directly engage with the speakers.

Programme:
