IFIP's PAST PRESIDENTS

Isaac L. Auerbach	U.S.A.	1960 - 1965
Ambros B. Speiser	Switzerland	1965 - 1968
Anatol A. Dorodnicyn	Russia	1968 - 1971
Heinz Zemanek	Austria	1971 - 1974
Richard I. Tanaka	U.S.A.	1974 - 1977
Pierre A. Bobillier	Switzerland	1977 - 1983
Kaoru Ando	Japan	1983 - 1986
Ashley W. Goldsworthy	Australia	1986 - 1989
Blagovest H. Sendov	Bulgaria	1989 - 1992
Asbjorn Rolstadas	Norway	1992 - 1995
Kurt Bauknecht	Switzerland	1995 - 1998
Peter Bollerslev	Denmark	1998 - 2001
Robert Aiken	U.S.A.	2001
Walter Grafendorfer	Austria	2001 - 2002
Klaus Brunnstein	Germany	2002 - 2007
Basie von Solms	South Africa	2007 - 2010
Leon Strous	Netherlands	2010 – 2016
Mike Hinchey	Ireland	2016 – 2022
Anthony Wong	Australia	2022 – 2025

IFIP's Honorary Members

1979: Dr. Richard Tanaka	IFIP President	1974 - 1977
1989: Prof. Pierre A. Bobillier	IFIP President	1977 - 1983
1997: Prof. Asbjorn Rolstadas	IFIP President	1992 - 1995
1999: Prof. Ashley W. Goldsworthy	IFIP President	1986 - 1989
1999: Mr Graham Morris	IFIP Honorary Secretary	1996 - 1999
2014: Prof. Sebastiaan von Solms	IFIP President	2007 - 2010
2017: Mr Leon Strous	IFIP President	2010 - 2016

INTRODUCTION

This publication is an edited subset of a comprehensive database which is regularly updated and is accessible through international networks. The “electronic Bulletin” contains detailed statements of aims and scope for every Working Group.

A wide range of information is available electronically from the IFIP Secretariat including the IFIP News, minutes of our General Assembly and Board meetings, IFIP documents and other valuable information on IFIP and its activities.

There are also links to pages of information about our Members and Technical Committees.
Access may be obtained as follows:
URL: http://www.ifip.org

IFIP's MISSION STATEMENT

IFIP's mission is to achieve the worldwide professional and socially responsible development and application of information and communication technologies.

Principal Elements

1. To stimulate, encourage and participate in research, development and application of Information Technology (IT) and to foster international co-operation in these activities.
2. To provide a meeting place where national IT Societies can discuss and plan courses of action on issues in our field which are of international significance and thereby to forge increasingly strong links between them and with IFIP.
3. To promote international co-operation directly and through national IT Societies in a free environment between individuals, national and international governmental bodies and kindred scientific and professional organizations.
4. To pay special attention to the needs of developing countries and to assist them in appropriate ways to secure the optimum benefit from the application of IT.
5. To promote professionalism, incorporating high standards of ethics and conduct, among all IT practitioners.
6. To provide a forum for assessing the social consequences of IT applications; to campaign for the safe and beneficial development and use of IT and the protection of people from abuse through its improper application.
7. To foster and facilitate co-operation between academics, the IT industry and governmental bodies and to seek to represent the interest of users.
8. To provide a vehicle for work on the international aspects of IT development and application including the necessary preparatory work for the generation of international standards.
9. To contribute to the formulation of the education and training needed by IT practitioners, users and the public at large.

IFIP IN PERSPECTIVE

Origins

IFIP traces its roots to the very first major international conference on computers and computing which was held in Paris in 1959 under the auspices of UNESCO. Representatives of the main computer societies active in computing got together at that meeting to explore ways of building on the achievements of the conference. As a result, thirteen national computer societies agreed to found in 1960 an international federation and named it IFIP - the International Federation for Information Processing.

IFIP's principal aims were and are to foster international cooperation, to stimulate research, development and applications and to encourage education and the dissemination and exchange of information on all aspects of computing and communication.

IFIP's creation was well timed. In the 1960s there began a veritable explosion in the growth of the computer industry and in the application of its products. Within the lifespan of IFIP information technology (as it is widely known today) has become a potent instrument affecting people in everything from their education and work to their leisure and in their homes. It is a powerful tool in science and engineering, in commerce and industry, in education and administration and in entertainment.

Membership

Today IFIP has 37 organizations as Full Members, 2 International Members at Large, 1 National Member at Large and 4 Associate Members, representing countries from all regions of the world. A new appliacation is under the assessment of of the IFIP Admission Committee.

Organisation

A General Assembly of all its Members and TC Chairs takes place annually and has overall responsibility for all of IFIP's strategy, finance and activities. It elects a President, four Vice-Presidents, an Honorary Treasurer, an Honorary Secretary and eight Councillors who together form the IFIP Board.

Congresses and Major Conferences

IFIP's flagship event is its World Computer Congress. The 24th IFIP World Congress was held in Poznan, Poland in September 2018 (http://www.wcc2018.org/)

The nature of these Congresses has changed substantially over the years. They are no longer of the all-singing and -dancing variety addressing every conceivable facet of our field. Instead, they consist of several independent conferences, each dealing with a major specialised subject. These run in parallel so that some more general keynote addresses can be attended by all participants who can also share in social and other acitivities.

In addition, there are major international conferences organised by our Technical Committees. These include events dealing with Production Engineering, Security, Computers in Education and Human Computer Interaction.

Technical Activities

At the heart of IFIP lie its Technical Committees that, between them, count on the active participation of some three thousand people world-wide. There are thirteen such Committees. Each Technical committee is, in effect, a management team responsible for a given field of activity and for the work of from five to thirteen Working Groups, a total of 124. These Groups work in a variety of ways to share experience and to develop their specialised knowledge. These include open conferences, smaller working conferences, seminars and tutorials, circulated papers and, increasingly, as befits our subject, electronic conferencing and e-mail.

Publications

Many IFIP events are linked to publications and there are annually some 30 to 40 IFIP books. Our principal publisher is

Springer-Verlag GmbH
e-mail: ifip@springer.com

IFIP News

A vital element of IFIP's communication with its Members and with all who participate in our work is the IFIP Insights. This is published monthly in electronic form and is published on IFIP's website https://www.ifipnews.org/.

Relationships

IFIP enjoys friendly cooperation with several international organisations. First among these is UNESCO with which IFIP maintains a formal consultative relationship. UNESCO has commissioned from IFIP several projects and supports the participation of some people from developing countries in IFIP events.
IFIP joined AIM Global, the Global Alliance on Artificial Intelligence for Industry and Manufacturing, in April 2024.

There are some international federations with which IFIP collaborates. These are IFAC (International Federation of Automatic Control), IMACS (International Association for Mathematics and Computers in Simulation), IFORS (International Federation of Operational Research Societies) and IMEKO (International Measurement Confederation).

IFIP Secretariat

The administrative hub of IFIP is our Secretariat in Modling, near Vienna. Anatolii Marushchak, the General Secretary of IFIP, with the assistance of Andriy Medvedyuk and Onachi Obiorah is responsible for the wide range of administrative tasks vital to the operation of such a far-flung international body. Good communication and information are essential, and our Secretariat provides a comprehensive service using up-to-date technology.

IFIP COUNCIL

EXECUTIVE COMMITTEE

Kai Rannenberg	President	Germany	2025 – 2028
Anthony Wong	Immediate Past President	Ex officio	2025 – 2026
Achim Rettberg	Honorary Treasurer	Ex officio	2025 – 2028
Francis Baud	Honorary Secretary	Switzerland	2025 – 2028
Vasco Amaral	Vice President	Portugal	2025 – 2028
Jan Gulliksen	Vice President	Sweden	2020 – 2026
Joice Benza	Vice President	Zimbabwe	2024 – 2027
Elizabeth Eastwood	Vice President	Ex officio	2022 – 2028
Don Passey	TA Chair	Ex Officio	2025 – 2028

COUNCILLORS

Achim Rettberg	TC 10	2022 – 2025
Aida Omerovic	Norway	2023 – 2026
Philippe Palanque		2019 – 2025
Gerrit van der Veer (MAL)	ACM	2019 – 2025
David Cook	Australia	2023 – 2026
Rainer Malaka		2020 – 2026
Alastair Irons	UK	2021 – 2024
Moira de Roche	IP3	2024 – 2027
